

## MiFi® Premium Global Hotspot Gains Market Share

September 12, 2018

*Continued market expansion with new mobile network operators in North America*

LOS ANGELES--(BUSINESS WIRE)--Sep. 12, 2018-- [Inseego Corp.](#) (Nasdaq: INSG), an industry pioneer in 5G and intelligent IoT device-to-cloud solutions for enterprises, announced today that demand for the enterprise-grade MiFi 7000 global mobile hotspot continues to gain momentum throughout North America with Rogers Communications in Canada, U.S. Cellular, and T-Mobile via an Authorized T-Mobile Master Dealer.

"Mobile network operators want trusted solutions that are designed and developed in North America for their government, enterprise and small-medium sized business customers," said Inseego's EVP, IoT & Mobile Solutions, Ashish Sharma. "Inseego has a powerful portfolio of LTE and 5G products and we are expanding our global market share with consistent delivery of the industry's fastest connection speeds, advanced security features and enterprise-grade reliability."

In addition to Rogers, T-Mobile and U.S. Cellular, the premium MiFi 7000 global hotspot is currently available through Telus Mobility and Bell Mobility, a subsidiary of BCE Inc. in Canada, and multiple regional service providers in both the United States and Canada.

The Inseego MiFi 7000 Global Mobile Hotspot meets the most stringent corporate IT security requirements and connects up to 15 devices on advanced LTE networks with fall-back to HSPA+/UMTS and GPRS/EDGE. The secure design of the MiFi 7000 delivers peace of mind with hacker prevention, encryption, VPN pass-through, Wi-Fi security protocols, password protection and Guest Wi-Fi network.

Additional premium features include:

- Cat 9 LTE technology combined with real simultaneous dual-band Wi-Fi for superior performance
- Remote workforce collaboration
- Universal charging port to recharge other wireless devices while on the go
- Powerful battery supporting up to 24 hours of use on a single charge and is equipped with QuickCharge® technology
- Customizable Admin Portal for IT administrators
