

Inseego Opens Cupertino Design Center

October 25, 2018

New Design Center in Silicon Valley to Drive Innovation in 5G and IoT Device-to-Cloud Technology

CUPERTINO, Calif.--(BUSINESS WIRE)--Oct. 25, 2018-- [Inseego Corp.](#) (Nasdaq: INSG), a pioneer in 5G and intelligent IoT device-to-cloud solutions, today announced the opening of its new *Cupertino Design Center*. The design center's mandate is to harness technology innovations which will evolve Inseego's growing portfolio of products and to develop new applications.

"Opening the Cupertino Design Center is a first-of-a-kind venture for Inseego and an important step toward accelerating Inseego's growth and technology innovation plans," said Inseego CEO and Chairman, Dan Mondor. "Inseego's presence in Silicon Valley is focused on leadership in the emerging 5G ecosystem and intelligent IoT device-to-cloud solutions in response to technology trends and accelerating adoption rates in multiple industry verticals worldwide. We have been quietly building our capability in core technology and today's announcement underlines Inseego's goal to have the very best thought leadership and talent, and have them located in the heart of the world's technology innovation capital. We expect additional benefits from the Center's close proximity to a growing number of industry technology partners in our target market ecosystem."

About Inseego Corp.

Inseego Corp. (Nasdaq: INSG) is an industry pioneer that enables high performance mobile applications for large enterprise verticals, service providers and small-medium businesses around the globe. Our product portfolio consists of Enterprise SaaS solutions and IoT & Mobile solutions, which together form the backbone of compelling, intelligent, reliable and secure IoT services with deep business intelligence. Inseego powers mission critical applications with a "zero unscheduled downtime" mandate, such as asset tracking, fleet management, industrial IoT, SD WAN failover management and mobile broadband services. Our solutions are powered by our key innovations in purpose-built SaaS cloud platforms, IoT and mobile technologies including the newly emerging 5G technology. Inseego is headquartered in San Diego, California with offices worldwide. www.inseego.com #Making5GReal

CAUTIONARY NOTE REGARDING FORWARD-LOOKING STATEMENTS

This release may contain forward-looking statements, which are made pursuant to the safe harbor provisions of the United States Private Securities Litigation Reform Act of 1995, as amended to date. These forward-looking statements involve risks and uncertainties. A number of important factors could cause actual results to differ materially from those in the forward-looking statements contained herein. These factors include risks relating to technological changes, new product introductions, continued acceptance of Inseego's products and dependence on intellectual property rights. These factors, as well as other factors that could cause actual results to differ materially, are discussed in more detail in Inseego's filings with the United States Securities and Exchange Commission (available at www.sec.gov) and other regulatory agencies.
