Inseego 5G MiFi M2000 for Vodafone Qatar (Graphic: Business Wire)

Priced at QR 1,699, the Inseego 5G MiFi M2000 is available now at all Vodafone Qatar stores and [e-shop](#). Paired with Vodafone's Mobile Wi-Fi Unlimited 5G Plan, this newest mobile broadband

solution enables users to take full advantage of GigaFast 5G Speeds, with secure connectivity for all their mobile devices, be it at home or on the move.

"We're proud to expand Inseego's existing relationship with Vodafone Qatar, now with availability of our high-performance 5G MiFi M2000," said Simon Rayne, Senior Vice President and Managing Director UK, EMEA, and Asia-Pac. "With the introduction of our second-generation 5G solutions portfolio, Inseego has once again brought a quantum leap in real-world user experience to life through innovation in mobile device technology that brings out the best of the network."

Diego Camberos, Chief Operating Officer, Vodafone Qatar, said: "We are 100% 5G Ready and have a reliable GigaFast 5G network across the country, latest 5G devices and Unlimited 5G Plans. The advanced Inseego 5G MiFi M2000 is a perfect addition to our range of 5G devices and is set to be in high demand especially during this winter season when customers are spending more time enjoying the outdoors and want a fast internet connection wherever they go."

Inseego 5G MiFi M2000: Groundbreaking technology meets breakthrough performance

Powered by Inseego's proprietary advanced RF technology, the lightweight and compact Inseego 5G MiFi M2000 series delivers gigabit-plus* speeds in sub-6 GHz bands. It also supports new applications requiring the responsiveness and ultra-low latency that 5G technology enables, such as lightning-fast streaming, lag-free videoconferencing, cloud gaming, virtual reality (VR) and more for consumers, business professionals, and enterprises alike.

*Actual speed and coverage may vary. Battery life and charge time may vary depending on the number of connected devices and activity. Inseego 5G MiFi M2000 chipset: Qualcomm® Snapdragon® X55 5G Modem-RF System.
