

Inseego to Participate in Mobile World Congress 2026

February 3, 2026

Showcasing the Latest 5G-Advanced and Software Innovations Powering the Wireless Edge

SAN DIEGO, Feb. 03, 2026 (GLOBE NEWSWIRE) -- [Inseego Corp. \(Nasdaq: INSG\) \(the "Company"\)](#), a global leader in 5G mobile broadband and 5G fixed wireless access (FWA) solutions, today announced that it will participate in [Mobile World Congress Barcelona \(MWC 2026\)](#), the world's largest and most influential connectivity event, taking place March 2-5, 2026, in Barcelona, Spain.

At MWC 2026, Inseego will engage with customers, prospects, partners, and members of the investment community to discuss how enterprises and service providers are advancing the wireless edge to support mission-critical connectivity, cloud access, and emerging AI-driven use cases across global deployments.

Inseego will share how cellular-first connectivity forms the foundation of the wireless edge, with intelligence, manageability, security, and resilience layered on top to connect people, places, and machines to cloud services, AI workloads, and critical business operations.

The Company will demonstrate commercially available devices and solutions enabled by the latest advances in cellular technology, including 5G-Advanced, designed to support a broad range of consumer, enterprise, and service-provider deployments. These solutions reflect Inseego's leadership across both high-performance 5G hardware devices and cloud-based software services, delivering scalable, secure, and reliable wireless connectivity at the edge.

Inseego will also highlight Inseego Subscribe, its cloud-based SaaS platform that enables service providers to manage the subscriber lifecycle.

Members of Inseego's executive leadership, product, and commercial teams will be on-site throughout the conference for meetings and demonstrations.
