Explanation of Responses:

- (1) Effective as of October 29, 2002, Novatel Wireless, Inc. (the "Company") effected a combination of all the issued and outstanding shares of its common stock, \$0.001 par value per share, in a ratio of 1 share for every 15 shares surrendered (hereinafter, the "Reverse Split"). Further information about the Reverse Split may be found in the Company's filing on Form 8-K made with the SEC on October 22, 2002. All the share and option amounts contained in this filing on Form 4 accordingly reflect the effectiveness of the Reverse Split.
- (2) Pursuant to the Company's Amended and Restated 2000 Employee Stock Incentive Plan (the "Option Plan"), the Company's Board of Directors authorized and approved, effective following the close of business on October 31, 2002, the issuance, to each non-employee director, of options to purchase up to 13,333 shares of common stock, at an exercise price of \$2.23 per share. The options subject to such grants shall vest and become exercisable over the 48 consecutive month period following grant, with 25% becoming vested and exercisable 12 months following grant and 1/48th of the initial grant vesting and becoming exercisable each month thereafter.
