Orange Spain Launches Novatel Wireless MiFi Intelligent Mobile Hotspot 2352

New Platform Enables Access to the Internet In a Faster, More Dynamic Way

SAN DIEGO and MADRID, Dec 10, 2009 /PRNewswire-FirstCall via COMTEX News Network/ -- Novatel Wireless, Inc. (Nasdaq: NVTL), a provider of wireless broadband access solutions, today announced that Orange, a leading European mobile operator, is launching the Novatel Wireless MiFi 2352 Intelligent Mobile Hotspot in Spain.

The MiFi platform is an innovative wireless alternative that represents an evolution from the current USB modem connections. The MiFi Intelligent Mobile Hotspot is aimed at customers who wish to connect multiple WiFi devices simultaneously and immediately to a single high-speed 3G Internet connection.

The MiFi Intelligent Mobile Hotspot offers the following benefits:

- WiFi access for up to five different devices, with no need for physical connections, special software or additional drivers.
- Portability and size allows the MiFi product to be placed in your best coverage area at home or in the office, enabling easy access to the Internet wherever you are.
- Allows users to take their Wi-Fi cloud on the move, to be used as a truly mobile hot spot, even in moving trains and automobiles.
- Offers the latest Internet access technology, reaching high speeds of up to 7.2 Mbps.

"We are delighted to work with Orange to deliver the industry's most cutting edge solutions to our combined customers in Spain," said Rob Hadley, CMO, Novatel Wireless. "With the MiFi Intelligent Mobile Hotspot 2352, Orange is able to provide unrivaled high speed Internet access virtually anywhere they want to go."

The MiFi Intelligent Mobile Hotspot is currently available at Orange stores and online at: <http://tienda.orange.es>
