(State or other jurisdiction  
of incorporation)

**001-38358**  
(Commission file number)

**81-3377646**  
(I.R.S. Employer  
identification number)

**12600 Deerfield Parkway, Suite 100**  
**Alpharetta, Georgia 30004**  
(Address of principal executive offices) (Zip Code)

**(858) 812-3400**  
(Registrant's telephone number, including area code)

**Not Applicable**  
(Former Name or Former Address, if Changed Since Last Report)

Check the appropriate box below if the Form 8-K filing is intended to simultaneously satisfy the filing obligation of the registrant under any of the following provisions:

- Written communications pursuant to Rule 425 under the Securities Act (17 CFR 230.425)
- Soliciting material pursuant to Rule 14a-12 under the Exchange Act (17 CFR 240.14a-12)
- Pre-commencement communications pursuant to Rule 14d-2(b) under the Exchange Act (17 CFR 240.14d-2(b))
- Pre-commencement communications pursuant to Rule 13e-4(c) under the Exchange Act (17 CFR 240.13e-4(c))

Securities registered pursuant to Section 12(b) of the Act:

Title of each class	Trading Symbol(s)	Name of each exchange on which registered
Common Stock, par value \$0.001 per share	INSG	Nasdaq Global Select Market

Indicate by check mark whether the registrant is an emerging growth company as defined in as defined in Rule 405 of the Securities Act of 1933 (§230.405 of this chapter) or Rule 12b-2 of the Securities Exchange Act of 1934 (§240.12b-2 of this chapter).

Emerging growth company

If an emerging growth company, indicate by check mark if the registrant has elected not to use the extended transition period for complying with any new or revised financial accounting standards provided pursuant to Section 13(a) of the Exchange Act.

## **Item 2.02. Results of Operations and Financial Condition.**

The information in “Item 2.02 Results of Operations and Financial Condition” of this Current Report on Form 8-K and in Exhibit 99.1, attached hereto, is furnished and shall not be deemed “filed” for purposes of Section 18 of the Securities Exchange Act of 1934, as amended (the “Exchange Act”), or otherwise subject to the liabilities of that section. It may be incorporated by reference in a filing under the Exchange Act or the Securities Act of 1933, as amended, only if such subsequent filing specifically references such disclosure in this Form 8-K.

On March 1, 2022, Inseego Corp. issued a press release containing preliminary financial results for the quarter ended December 31, 2021.

## **Item 5.02 Departure of Directors or Certain Officers; Election of Directors; Appointment of Certain Officers; Compensatory Arrangements of Certain Officers.**

### ***Appointment of Chief Executive Officer***

The Board of Directors of Inseego Corp. (the “Company”) has appointed Ashish Sharma as President & Chief Executive Officer of the Company, effective at the close of business on March 1, 2022.

Mr. Sharma, age 49, has served as the Company’s President since June 2021 and as its President of IoT & Mobile Solutions since February 2020. Prior to that, he had served as the Company’s Executive Vice President IoT & Mobile Solutions since joining the Company in September 2017. Prior to joining Inseego, Mr. Sharma was Chief Marketing Officer at Spectralink Corporation, a provider of enterprise grade mobile solutions, from December 2015 to September 2017. Prior to that, Mr. Sharma served as Senior Vice President and General Manager, Americas for Graymatics, Inc. a cognitive media processing company, from January 2015 to December 2015 and as Chief Marketing Officer at FreeWave Technologies, an industrial wireless networking company, from November 2010 to January 2015. Mr. Sharma holds a Bachelor of Science in Electrical Engineering from the University of District of Columbia, a Master of Science in Electrical Engineering from George Mason University and a Master of Business Administration from the UCLA Anderson School of Management in Finance, Marketing and Strategy.

The Company’s Board of Directors also designated Mr. Sharma as the Company’s “principal executive officer” for purposes of disclosures under the federal securities laws.

In connection with his appointment as President & Chief Executive Officer, Mr. Sharma’s base salary will increase to \$500,000 per year and his annual target bonus will be set to 65% of his base salary. Mr. Sharma will also continue to be eligible to participate in other benefit programs that the Company establishes and makes available to its employees from time to time, to the same extent available to similarly situated employees of the Company.

There are no arrangements or understandings between Mr. Sharma and any other persons pursuant to which he was selected as an officer of the Company. There are also no family relationships between Mr. Sharma and any director or executive officer of the Company, and he has no direct or indirect material interest in any transaction required to be disclosed pursuant to Item 404(a) of Regulation S-K.

### ***Dan Mondor Transition Agreement***

The Company also announced that Dan Mondor is transitioning from the role of Chief Executive Officer of the Company to Executive Chairman until the Company’s next annual meeting of stockholders, pursuant to the terms of a transition agreement between Mr. Mondor and the Company (the “Transition Agreement”). Mr. Mondor will continue to serve as a member of the Company’s Board of Directors. Mr. Mondor’s base salary as Executive Chairman will \$100,000 per year.

Robert G. Barbieri

Chief Financial Officer

## Inseego Reports Fourth Quarter and Full Year 2021 Financial Results

*5G revenue annual growth of 132% year-over-year*

*Continued strong 5G enterprise pipeline growth across multiple regions*

*Ashish Sharma appointed CEO; Dan Mondor to become Executive Chairman*

SAN DIEGO—March 1, 2022—Inseego Corp. (Nasdaq: INSG) (the “Company”), a leader in 5G and intelligent IoT device-to-cloud solutions, today reported its results for the fourth quarter and full year ended December 31, 2021. The Company reported fourth quarter net revenue of \$72.9 million, GAAP operating loss of \$9.8 million, GAAP net loss of \$11.4 million, GAAP net loss of \$0.11 per share, adjusted EBITDA of negative \$1.2 million, and non-GAAP net loss of \$0.08 per share. Cash and cash equivalents at year end, including restricted cash, was \$49.8 million. On a full year basis, 2021 net revenue was \$262.4 million.

“2021 proved to be a transformative year for Inseego. We sharpened our focus on becoming the leader in 5G edge connectivity solutions for the enterprise, and our business grew sequentially in each quarter driven by 5G and cloud solutions,” said Inseego Chairman and CEO Dan Mondor. “With the momentum we are seeing in the 5G enterprise pipeline, supported by the strength of our supply chain and significant operating leverage in our model, I am confident that 2022 will be the breakout year for Inseego.”

### **Corporate Highlights**

- 2021 full year net revenue of \$262.4 million, Q4 2021 net revenue of \$72.9 million
- Year-end cash, cash equivalents and restricted cash balance of \$49.8 million in the quarter with zero bank debt

### **Business Highlights**

- 5G revenue up 132% year-over-year on an annual basis
- 5G and cloud solutions represents 58% of total revenue in the quarter
- 5G Inseego Wavemaker™ FWA solutions launched with T-Mobile for Business, Telstra in Australia and Vodafone Qatar in the fourth quarter
- Market expansion in the Middle East with new Inseego 5G MiFi® M2000 launch with Zain KSA in Saudi Arabia in the first quarter
- Multiple 5G FWA solutions now certified with all tier-one carriers in the United States, including standalone (SA) 5G with T-Mobile
- Continued 5G device-to-cloud enterprise pipeline growth in Australia, Europe, the Middle East and North America markets

“We had a strong finish to 2021 that saw Inseego grow our 5G business sequentially throughout the year. The strength in the quarter and the year was driven primarily by increasing adoption of our 5G and cloud solutions portfolio, demonstrating the remarkable transformation Inseego has undergone,” said Bob Barbieri, CFO at Inseego. “While gross margin decreased as a result of the divestiture of Ctrack South Africa, a seasonal mix shift in device sales, and higher freight and shipping costs, we see gross margin expansion over the long-term as our next-generation 5G solutions will comprise a greater mix of our revenue. Moreover, as we continue to grow the topline in 2022, we expect operating leverage will drive free cash generation in the back half of the year.”

Inseego also announced today that Ashish Sharma will assume the role of chief executive officer and Dan Mondor is becoming executive chairman effective March 1, 2022.

“I am extremely proud of the Inseego team’s accomplishments over the past several years,” said Mondor. “With our growing portfolio of innovative 5G products and software solutions and expanding customer base, Inseego is well positioned to execute on our 5G growth strategy in Enterprise. Ashish has been the architect of our product and go-to-market strategy, including our industry-leading 5G roadmap and global roll-out. With our business model clearly validated and our leadership in 5G, the board

of directors and I agreed that this is the right time for Ashish to assume leadership of the Company and preside over what I see as the single largest opportunity in Inseego's history.

"As executive chairman, I will focus on a number of strategic initiatives to maximize shareholder value. Ashish and I have worked closely together over the past few years to lead the company, and we will continue to do so in our new roles to help Inseego execute on its strategy," he continued.

Sharma has served as Inseego's president since June 2021. He joined Inseego in 2017 as chief marketing officer and executive vice president of IoT & Mobile Solutions and was promoted to president of IoT & Mobile Solutions in 2020.

"It is a privilege to work side-by-side with Dan, our world-class board of directors, and a very talented leadership team," said Sharma. "I have been humbled by the passion and perseverance of our employees, and their exceptional talent for delivering market-leading innovation together with our customers and partners over the years. Together, we will build upon our successes and lead the company through its next phase, while exceeding the expectations of our customers and delivering value to our shareholders."

### **Conference Call Information**

Inseego will host a conference call and live webcast for analysts and investors today at 5:00 p.m. ET. A Q&A session with analysts will be held live directly after the prepared remarks. To access the conference call:

- Online, visit <https://investor.inseego.com/events-presentations>
- Phone-only participants can pre-register by navigating to <https://dpre register.com/sreg/10163569/f1325adcc6>
- Those without internet access or unable to pre-register may dial-in by calling:
  - In the United States, call 1-844-282-4463
  - International parties can access the call at 1-412-317-5613

An audio replay of the conference call will be available beginning one hour after the call through March 15, 2022. To hear the replay, parties in the United States may call 1-877-344-7529 and enter access code 6800988 followed by the # key. International parties may call 1-412-317-0088. In addition, the Inseego Corp. press release will be accessible from the Company's website before the conference call begins.

### **About Inseego Corp.**

Inseego Corp. (Nasdaq: INSG) is an industry leader in smart device-to-cloud solutions that extend the 5G network edge, enabling broader 5G coverage, multi-gigabit data speeds, low latency and strong security to deliver highly reliable internet access. Our innovative mobile broadband, fixed wireless access (FWA) solutions, and software platform incorporate the most advanced technologies (including 5G, 4G LTE, Wi-Fi 6 and others) into a wide range of products that provide robust connectivity indoors, outdoors and in the harshest industrial environments. Designed and developed in the USA, Inseego products and SaaS solutions build on the company's patented technologies to provide the highest quality wireless connectivity for service providers, enterprises, and government entities worldwide. ### **Cautionary Note Regarding Forward-Looking Statements**

Some of the information presented in this news release may constitute forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. In this context, forward-looking statements often address expected future business and financial performance and often contain words such as "may," "estimate," "anticipate," "believe," "expect," "intend," "plan," "project," "will" and similar words and phrases indicating future results. The information presented in this news release related to our future business outlook, the future demand for our products, as well as other statements that are not purely statements of historical fact, are forward-looking in nature. These forward-looking statements are made on the basis of management's current expectations, assumptions, estimates and projections and are subject to significant risks and uncertainties

that could cause actual results to differ materially from those anticipated in such forward-looking statements. We therefore cannot guarantee future results, performance or achievements. Actual results could differ materially from our expectations.

Factors that could cause actual results to differ materially from the Company's expectations include: (1) the future demand for wireless broadband access to data and asset management software and services; (2) the growth of wireless wide-area networking and asset management software and services; (3) customer and end-user acceptance of the Company's current product and service offerings and market demand for the Company's anticipated new product and service offerings; (4) increased competition and pricing pressure from participants in the markets in which the Company is engaged; (5) dependence on third-party manufacturers and key component suppliers worldwide; (6) the impact that new or adjusted tariffs may have on the cost of components or our products, and our ability to sell products internationally; (7) the impact of fluctuations of foreign currency exchange rates; (8) the impact of geopolitical instability and supply chain challenges on our ability to source components and manufacture our products; (9) unexpected liabilities or expenses; (10) the Company's ability to introduce new products and services in a timely manner, including the ability to develop and launch 5G products at the speed and functionality required by our customers; (11) litigation, regulatory and IP developments related to our products or components of our products; (12) dependence on a small number of customers for a significant portion of the Company's revenues and accounts receivable; (13) the Company's ability to raise additional financing when the Company requires capital for operations or to satisfy corporate obligations; (14) the Company's plans and expectations relating to acquisitions, divestitures, strategic relationships, international expansion, software and hardware developments, personnel matters, and cost containment initiatives, including restructuring activities and the timing of their implementations; (15) the global semiconductor shortage and any related price increases or supply chain disruptions, and (16) the potential impact of COVID-19 on the business.

These factors, as well as other factors set forth as risk factors or otherwise described in the reports filed by the Company with the SEC (available at [www.sec.gov](http://www.sec.gov)), could cause actual results to differ materially from those expressed in the Company's forward-looking statements. The Company assumes no obligation to update publicly any forward-looking statements for any reason, even if new information becomes available or other events occur in the future, except as otherwise required pursuant to applicable law and our on-going reporting obligations under the Securities Exchange Act of 1934, as amended.

### **Non-GAAP Financial Measures**

Inseego Corp. has provided financial information in this news release that has not been prepared in accordance with GAAP. Adjusted EBITDA, non-GAAP net loss, non-GAAP net loss per share and non-GAAP operating costs and expenses exclude preferred stock dividends, net income attributable to noncontrolling interests, share-based compensation expense, amortization of intangible assets purchased through acquisitions, amortization of discount and issuance costs related to the Company's 2025 Notes, fair value adjustments on derivative instruments, gain on sale of Ctrack South Africa, costs related to the divestiture of Ctrack South Africa, loss on debt conversion and extinguishment relating to the Company's 2025 Notes, and other non-recurring legal expenses. Adjusted EBITDA also excludes interest, taxes, depreciation and amortization (unrelated to acquisitions, the 2025 Notes), impairment of capitalized software, foreign exchange gains and losses, and other.

Adjusted EBITDA, non-GAAP net loss, non-GAAP net loss per share and non-GAAP operating costs and expenses are supplemental measures of our performance that are not required by, or presented in accordance with, GAAP. These non-GAAP financial measures have limitations as an analytical tool and are not intended to be used in isolation or as a substitute for operating expenses, net loss, net loss per share or any other performance measure determined in accordance with GAAP. We present these non-GAAP financial measures because we consider each to be an important supplemental measure of our performance.

Management uses these non-GAAP financial measures to make operational decisions, evaluate the Company's performance, prepare forecasts and determine compensation. Further, management believes that both management and investors benefit from referring to these non-GAAP financial measures in assessing the Company's performance when planning, forecasting and analyzing future periods. Share-based compensation expenses are expected to vary depending on the number of new incentive award grants issued to both current and new employees, the number of such grants forfeited by former employees, and changes in the Company's stock price, stock market volatility, expected option term and risk-free interest rates, all of which are difficult to estimate. In calculating non-GAAP financial measures, management excludes certain non-cash and one-time items in order to facilitate comparability of the Company's operating performance on a period-to-period basis because such expenses are not, in management's view, related to the Company's ongoing operating performance. Management uses this view of the Company's operating performance for purposes of comparison with its business plan and individual operating budgets and in the allocation of resources.

The Company further believes that these non-GAAP financial measures are useful to investors in providing greater transparency to the information used by management in its operational decision-making. The Company believes that the use of these non-GAAP financial measures also facilitates a comparison of our underlying operating performance with that of other companies in our industry, which use similar non-GAAP financial measures to supplement their GAAP results.

In the future, the Company expects to continue to incur expenses similar to the non-GAAP adjustments described above, and exclusion of these items in the presentation of our non-GAAP financial measures should not be construed as an inference that these costs are unusual, infrequent or non-recurring. Investors and potential investors are cautioned that there are material limitations associated with the use of non-GAAP financial measures as an analytical tool. The limitations of relying on non-GAAP financial measures include, but are not limited to, the fact that other companies, including other companies in our industry, may calculate non-GAAP financial measures differently than we do, limiting their usefulness as a comparative tool.

Investors and potential investors are encouraged to review the reconciliation of our non-GAAP financial measures contained within this news release with our GAAP financial results.
