Novatel Wireless MiFi 4082 Intelligent Mobile Hotspot Now Available Through Comcast

SAN DIEGO, May 6, 2011 /PRNewswire/ -- Novatel Wireless, Inc. (Nasdaq:NVTL), a leading provider of wireless broadband access solutions, today announced that its new MiFi® 4082 is available to purchase through Comcast Corporation (Nasdaq:CMCSA, CMCSK), one of the nation's leading providers of entertainment, information and communication products and services. Novatel Wireless will supply its MiFi® 4082 Intelligent Mobile Hotspot and support Comcast as the company continues its nationwide rollout of Xfinity® Internet 2go. The MiFi 4082 is commercially available through Comcast's website: www.comcast.com/2go and will be offered to new Xfinity Internet 2go customers for a \$25 one-time fee with a qualifying Xfinity Internet 2go service plan.

"We're excited to assist Comcast in rolling out their next generation Xfinity Internet 2go 4G/3G Mobile Hotspot device, perfect for watching TV and movies on-the-go," said Rob Hadley, CMO of Novatel Wireless. "The new MiFi 4082 delivers 4G speeds and complements Comcast's broad connectivity and entertainment offering perfectly, providing innovative services — not only for the home but now also on-the-go".

The MiFi 4082 Intelligent Mobile Hotspot is the newest version of the award-winning MiFi family of products — bringing 4G WiMAX to consumers with one-touch connectivity for up to five Wi-Fi enabled devices.

The MiFi 4082 device comes preloaded with MiFi OS™, widgets and application support, offering customers capabilities beyond just Internet connectivity. It also features an external e-Ink display with status indicators for battery, signal strength and number of connected devices. The device also features shared storage capability through a microSD™ slot with up to 32GB.

Delivering industry-leading performance and best-in-class session continuity between 4G and 3G, the award-winning MiFi 4082 Mobile Hotspot requires no cables or software installation and easily supports all the needs of a family household, a frequent traveler who wants to avoid Wi-Fi charges, or even a small business team in a form factor about the size of a credit card.

FEATURES:

- Intuitive eInk display with status indicators for battery, signal and the number of connected devices
- Browser user interface for configuration
- MicroSD slot for up to 32GB memory card
- Supports Windows, Macintosh and Linux operating systems
- Datalink 3G/4G
- No software required for Wi-Fi connection
- Battery: 1500mAh — over four hours of usage; 60 hours of standby time
- Weight: 85 grams with battery (3 oz.)
- Antenna: Integrated Wi-Fi antenna
- Wireless Connectivity: 802.11b/g/n
